What sets us apart:

Our added value

Safety first, always

- TRIFR reduced to 0.22 in 2024 – aiming for 10% better in 2025
- Zero tolerance on safety breaches; strict adherence to Thiess Safety Essentials
- Strong safety leadership via workshops & coaching
- Proactive risk management with audits, training & job safety analysis
- Safety is at the heart of everything we do

Towards a greener future

- On track to net zero emissions (Scope 1 & 2) by 2050
- Waste recovery with 4R approach and green procurement
- Water-saving through recycling & rain harvesting
- Progressive rehabilitation for long-term environmental impact

Diversity that drives us

- Female workforce up 28.4% to 32.7%; female leaders up 34% to 9.0%
- Targeting +2% women participation and +5% women in leadership in 2025
- Programs like Women in Leadership & Female Operator Trainee empower local women
- 148+ women trained through inclusive programs in 2024
- Proud partner of IBCWE and WiME

Learning that lasts

- 815,943 training hours in 2024, averaging 190 hours per employee
- 1,633 apprentices since 1992, with 50% female intake from 2024
- Thiess Institute upskills new-to-industry talent
- 6,000+ courses available via LinkedIn Learning
- 93 women trained as truck operators in 2024

At Thiess, we strive to deliver impact beyond the pit. Our commitment to safety, people, sustainability, technology, and community creates lasting value for all stakeholders.

We bring together people and technology to deliver safer, smarter, and more sustainable mining solutions. Through continuous innovation and strong local partnerships, we help drive progress that extends well beyond our operations.

Smart mining technology

- Leading innovation with Remote Operation Centre (ROC)
- Real-time fuel & fleet management boosts efficiency
- Tyre pressure monitoring for reliability
- Proximity alerts & fatigue monitoring enhance safety

Stronger communities

- 80% of workforce hired locally
- Clean water facilities for East, South, and Central Kalimantan
- Support for BUMDes & local businesses
- Programs: BERBASIES, health & stunting prevention, food aid
- We grow stronger, together with our communities

Forward, together
